1st Research Bulletin

We are delighted to present the 1st Research Bulletin of the Accounting & Management Control Department at ESSEC Business School!

The Bulletin includes:
• The 2015 publications from our professors (articles, books and book chapters)
• Invited presentations made by our professors (at other universities and professional organizations) between January 1 and December 31, 2015
• Awards and honors received by our professors between January 1 and December 31, 2015
• Upcoming departmental research seminars.

Our plan is to issue a Bulletin twice a year and possibly with additional information and/or in a different format. In the meantime, we hope you will find the time and enjoy finding out more about the research topics our professors are working on, their recognitions and where they are solicited to disseminate their expertise!

Charles H. Cho, PhD
Head of Accounting and Management Control Department
ESSEC Business School
