Dear Recommender:

In order to select the best candidates for the **ESSEC Mastères Spécialisés** (Postgraduate Programs) we require confidential information concerning each applicant.

The Advanced Master program consortium of Postgraduate Schools of Management (*La Conférence des Grandes Écoles*) has as objective to complement a professional experience with a specialized program corresponding to a real professional choice.

The letter of recommendation which we are asking you to provide is one of the means of evaluating candidates who wish to study within this program in order to help us determine the compatibility of a candidate's personal aptitudes with those required by the specialization chosen.

We thank you in advance for taking the time to write on behalf of this candidate. We have found that the most useful recommendations provide detailed descriptions on the candidate's intellectual abilities and personal qualities as they relate to his or her potential for senior-level management careers. This kind of information helps us distinguish the very best candidates from among a pool of many well-qualified ones.

We would appreciate your answering the questions on the back of this sheet. We guarantee the confidentiality of this material, which will help us select the next class of students.

Please send the recommendation form to the applicant, sealed in the enclosed envelope.

Once again, many thanks for your assistance in providing this evaluation.

Yours sincerely,

Deyi TCHERDAKOFF
